

Berta Haro, MPA

Director of Development – Great Minds in STEM

Bertha Haro is the Director of Development for Great Minds in STEM™ (GMiS), a national 501c3 education nonprofit organization. Established in 1989, GMiS has conducted the annual HENAAC Conference focused on identifying, honoring, and documenting the contributions of outstanding Hispanics in Science, Technology, Engineering, and Math (STEM). In her capacity, Ms. Haro oversees and manages the activity of a team of fundraising account executives. She is responsible for both the fiscal growth of over \$4M in fundraising revenue and the retention of strategic stakeholder partners including Fortune 500 corporations, foundations, and government agencies.

Ms. Haro recently completed a Regional Public Policy Fellowship program with the Southern California Leadership Network, she has a Masters of Science in Public Administration and a Bachelor of Science in Sociology.
